# The Freedom Flotilla Will Sail Again ? Middle East Monitor

Nyhet Skapad 28/12 2019 kl 23:49

[1]

What's Gaza to us however an Israeli missile, a rudimentary rocket, a demolished house, an injured youngster being whisked away by his friends below a hail of bullets? Each day, Gaza is conveyed to us as a bloody picture or a dramatic video, none of which might really seize the on a regular basis actuality of the Strip ? its formidable steadfastness, the on a regular basis acts of resistance, and the kind of struggling that may by no means be actually understood via a customary look at a social media put up.
